Sage HRMS
Product Innovation
Our three-year vision is to provide a modernized & user-friendly product.

These are our 5 Core principles for Product Innovation:

Modernization, Simplification, and Ease of Use
Provide a modernized user interface and experience that increase users' efficiency and productivity.
Product Capabilities
Add extra value and address ease of use by implementing a number of enhancement requests in each release.

Web Application
Provide an HR web experience and improved performance by upgrading background technology.

Enhance Payroll, ISV Integrations, and APIs
Offer a complete and easy-to-implement solution by enhancing Payroll, ISVs, and APIs integration processes.

Mobile App
Deliver a native mobile app for HR and ESS, allowing employees to have easy and quick access to their information and transactions.
