

Sage Pastel Partner Payroll

History of Change 2020 Update 3

Below are the details of the changes made to our latest software release.

Enhancements

- PPP-7433 – The Legislative upgrade has been amended to not allow processing past May without the correct tax files.
- PPP-7444 – Sage Pay has been rebranded as Netcash.
- PPP-7447 – Unpaid leave has been amended to only apply in the period it is processed for and not the period it is processed in.
- PPP-7448 – A new menu item has been added under help, from where a customer can directly book a consultant.
- PPP-7454 – Importing of employees has been amended to prevent overwriting existing information of an employee with the same employee code, but different Name, Surname and Date Of Birth.

Defects

- PPP-7445 – The exception pertaining to tax totals 3802 & 4582 has been corrected and will clear if transactions 6020 & 6035 are processed.
- PPP-7446 & PPP-7458 – Employee's status will now correctly change to 'On Leave' even if there is no entitlement.
- PPP-7449 – Pay frequency setup has been corrected to allow for 5 months with 5 weeks.
- PPP-7453 – The EEA2 has been corrected and will no longer show 'Not Responding'.
- PPP-7457 – You can now set up an employee for ETI with a valid Asylum Seeker ID.
- PPP-7459 - The 'Days Due' will now be disabled when future leave is processed and there is no entitlement.

Councils

- PPP-7443 – MEIBC – The Admin & Dispute levy values have been amended.

International

- PPP-7217 – Zambia – The P22 has been corrected to print the right values.
- PPP-7437 – Zambia – New National Health Insurance transactions have been introduced.
- PPP-7438 – Kenya – Deposit on Home Ownership Plan limits have been increased.
- PPP-7440 – Lesotho – Tax tables changes have been introduced for the Tax Credit.
- PPP-7441 – Malawi – New tax rates have been implemented.
- PPP-7442 – Lesotho – The Pension and provident transactions have been marked as tax deductible and new transactions have been created for Group Life Assurance.
- PPP-7452 – Kenya – Edit...Employee Masterfile...Info tab has been corrected to not have an overlapping screen.
