IMPORTANT INFORMATION: Do NOT download any product updates for the student or education version. If you download any update, the student version will no longer be compatible, and students will no longer be able transfer data between the education version and the student version they use at home. In other words: the year/release a student downloads at home, must match the year/release being used to teach (by their educational institution).

Common Questions and Answers:

I did not receive my registration codes after completing the online registration form.

Your email address could have been entered incorrectly. Or sometimes, the email response gets blocked by your firewall/spam ware, or the email gets sent to your junk/spam folder.

If you still did not receive it, please email **sageeducation@sage.com**. Please mention what Sage 50 version/year you require in the email and we will email you a generic set to use.

Sage 50 is not accepting the registration codes I received.

This error typically happens when the Sage version/year you have installed doesn't match the Sage version/year key codes you have requested.

Please double check you have installed the correct version and then re-register for the right codes.
